ALUAN NAIB CANSELOR UNIVERSITI MALAYSIA PERLIS

Bismillahirrahmanirrahim.

Assalamualaikum, Salam Sejahtera dan Salam 1 Malaysia.

Alhamdulillah, syukur ke hadhrat Allah S.W.T kerana dengan limpah kurniaNya, Perpustakaan Universiti Malaysia Perlis berjaya merealisasikan penganjuran Seminar Kebangsaan Sumber Elektronik Malaysia 2010 pada 20-21 Disember 2010 bertempat di Bayview Beach Resort, Pulau Pinang.

Penganjuran Seminar ini merupakan sebahagian daripada inisiatif perancangan strategik Jabatan bagi tempoh 2006-2010. Ia menggambarkan matlamat Perpustakaan UniMAP ke arah memperkasa pembangunan sumber elektronik, meningkatkan keberkesanan penawaran sumber elektronik dan memantapkan perkongsian sumber di kalangan Institusi Pengajian Tinggi (IPT) di Malaysia. Penganjuran seminar ini bakal membuka ruang dan peluang ke arah penerapan amalan terbaik yang telah dijalankan di IPT di Malaysia dan institusi perkhidmatan maklumat di peringkat antarabangsa. Ini memandangkan bahawa penawaran sumber elektronik kepada para pengguna perpustakaan telah menjadi isu global yang perlu ditangani secara berkesan. Pelbagai elemen perlu difahami dan ditangani meliputi model perniagaan, pengurusan dan perancangan bajet, kolaborasi secara konsortium, perkongsian sumber, pendigitalan, kemahiran komunikasi dan pelbagai lagi.

Perluasan penawaran sumber elektronik juga menuntut profesional maklumat di negara ini untuk meningkatkan kompetensi dalam aspek kemahiran maklumat, literasi maklumat dan pemantapan pendekatan mesra pengguna bagi memperkasa perkhidmatan perpustakaan. Pesaing dan juga rakan kongsi perlu dikenalpasti dan dikendali secara strategik bagi memastikan para pengguna di Malaysia mendapat perkhidmatan terbaik dalam memenuhi keperluan maklumat untuk aktiviti pengajaran, pembelajaran, penyelidikan dan perundingan.

Semoga penganjuran seminar ini akan berjaya meluaskan pengetahuan dan pengalaman para profesional maklumat di Malaysia ke arah pemantapan peranan perpustakaan dan perkhidmatan maklumat di Malaysia.

Sekian, Wassalam.

ALUAN PENGERUSI JAWATANKUASA PENGANJUR

Bismillahirrahmanirrahim.

Assalamualaikum, Salam Sejahtera dan Salam 1 Malaysia.

Alhamdulillah, dengan izin Allah S.W.T perancangan menganjurkan Seminar Kebangsaan Sumber Elektronik di Malaysia (SKSEM) 2010 telah sampai ke kemuncaknya. Warga Perpustakaan UniMAP, Malaysian Online e-Resources Consortium (MOLEC) dan Persatuan Pustakawan Malaysia (PPM) Kumpulan Utara dengan penuh iltizam mempersembahkan Seminar Kebangsaan Sumber Elektronik di Malaysia 2010 sebagai salah satu wadah untuk memacu kecemerlangan perpustakaan di Malaysia.

Sebagaimana dirancang, SKSEM 2010 bakal membentangkan pelbagai aspek berkaitan pembangunan, penawaran dan pengurusan sumber elektronik di Malaysia. Kami membawa kepada para peserta seminar amalan terbaik yang telah dilaksanakan oleh beberapa perpustakaan, pusat sumber maklumat dan organisasi dari dalam dan luar negara. Harapan menggunakan agar semua pembentangan ini akan membuka ruang dan peluang ke arah lebih banyak penerokaan amalan terbaik, rangkaian kerja sama dan perkongsian pintar antara profesional maklumat di Malaysia.

Jawatankuasa Penganjur juga berharap agar inisiatif penganjuran SKSEM 2010 tidak akan terhenti di sini. Malahan, inisiatif strategik akan dilaksanakan bagi memastikan SKSEM akan menjadi pemangkin ke arah kecemerlangan penawaran sumber maklumat elektronik di Malaysia.

Emerald Backfiles

More than 100 years of management research online...

Over 68,000 articles from more than 120 journals. With articles dating back to the nineteenth century, Emerald Backfiles is an important resource for business and management scholars and social historians alike.

Insiders Guide to Getting Published (IGGP)

Emerald wants to share our experience of working with the editors of more than 200 peer-reviewed journals and provide insight to help new or potential authors to give their

papers the best possible chance of acceptance and publication. We are aware that, even for seasoned authors, publishing can be an opaque and uncertain process. Insider's Guides give authors the chance to meet journal editors or representatives of Emerald and find out exactly what we are looking for, greatly increasing their chances of getting published. The Insider's Guide comprises a presentation, highlighting publishing tips followed by a chance to have your questions answered from a publisher's perspective.

The session will contain insiders' information on:

- How to get started • How to target your work more effectively • What editors and reviewers actually look for • The five key questions that make or break a paper • How to peer review your own work • The secrets of revision • Beyond publishing (refereeing, book reviewing, advisory board membership, etc.)

More information can be found on our website at: <http://info.emeraldinsight.com/authors/workshops/introduction.htm>
