

HAL EHWAL AKADEMIK

Pengenalan

Universiti Malaysia Perlis (UniMAP) menawarkan 15 program Ijazah Sarjana Muda Kejuruteraan, 6 program Diploma Kejuruteraan dan beberapa program Ijazah Tinggi – Mod Penyelidikan (Sarjana Sains Kejuruteraan dan Doktor Falsafah). Program-program akademik di UniMAP mempunyai matlamat untuk menghasilkan siswazah kejuruteraan yang berketrampilan dalam pelbagai bidang strategik yang berupaya mencari penyelesaian kepada pelbagai bentuk masalah menerusi pemikiran yang inovatif. Program akademik UniMAP menitikberatkan kaedah lab-insentive, dengan memberikan penekanan kepada aspek amali. Kursus-kursus yang ditawarkan menyatukan teori dengan amali mengikut keperluan industri. Semasa mengikuti program akademik, mahasiswa dibekali kemahiran komunikasi, keusahawanan, pengurusan perakuan, ko-kurikulum dan pembangunan sahsiah. Tujuannya ialah melahirkan jurutera yang bukan sahaja cekap dalam bidang kejuruteraan, tetapi juga berkeupayaan berdikari dan mempunyai sikap yang mulia dan terpuji.

Objektif Program Pendidikan (PEO) :

- a) Melahirkan jurutera holistik yang kompeten dalam aspek teori dan amali kejuruteraan.
- b) Menyumbang kepada bekalan sumber manusia bagi memenuhi permintaan semasa dalam bidang kejuruteraan.
- c) Menyumbang kepada pembangunan bidang kejuruteraan strategik, selaras dengan keperluan yang digariskan dalam Pelan Induk Perindustrian Negara.

Ciri-ciri Graduan UniMAP

Siswazah UniMAP merupakan jurutera yang berorientasikan praktikal dengan ciri-ciri yang berikut:

- a) Berkebolehan mengaplikasikan ilmu asas bidang sains dan kejuruteraan
- b) Mempunyai kompetensi teknikal yang mendalam dalam disiplin kejuruteraan khusus yang diikuti mereka
- c) Berkebolehan berkomunikasi dan menggunakan ICT dengan berkesannya
- d) Berkebolehan menggunakan teknik, kemahiran dan alat-alat kejuruteraan moden yang diperlukan dalam tugas-tugas kejuruteraan
- e) Dapat menyesuaikan diri dengan mudahnya untuk memenuhi kehendak industri
- f) Berupaya mengenalpasti masalah, mencari jalan penyelesaian, menginovasi, dan menambahbaik reka bentuk serta amalan yang sedia ada
- g) Memahami tanggungjawab profesional, etika, dan komitmen kemasyarakatan
- h) Memahami keperluan pembelajaran sepanjang hayat dan berkebolehan melaksananya (iaitu dapat menyesuaikan diri dengan keadaan dan kehendak semasa dan berupaya mengaplikasikan dan/atau mengemaskini ilmu dan kemahiran yang dimiliki)
- i) Berkebolehan bekerja dalam pasukan dengan berkesannya sehingga dapat menyumbangkan kepada hubungan kerja yang efektif dan mencapai matlamat pasukan. Kebolehan ini dilaksanakan dalam kapasiti mereka sebagai ketua pasukan dan anggota pasukan
- j) Mempunyai pandangan dan pemikiran global dalam soal sosial, budaya dan tanggungjawab antarabangsa
- k) Mempunyai pemahaman tentang keusahawanan dan proses-proses inovasi, serta untuk merealisasikan pembangunan mampan
- l) Berkebolehan menghargai nilai estetik melalui pembangunan dan penggunaan budi bicara

ACADEMIC AFFAIRS

Introduction

At present, 15 undergraduate programmes and 6 diploma programmes are offered at UniMAP. Apart from that, postgraduate educations which are in research mode are also offered at UniMAP. All the academic programmes in UniMAP are designed to produce engineering graduates who are competent in various strategic fields and capable in identifying problems and create solutions through innovative ways of thinking. All the academic programmes in UniMAP practicing "Lab-Incentive" approach which stress on practical aspect. All the courses offered are designed by bringing together the theories and practical as demand by the industry. While going through the academic programmes at UniMAP, students will be supported with other skills such as communication skills, entrepreneurship, account management, co-curricular and self-development; with a reason to produce engineers who are not only competent in engineering field but also engineers who are independent and with moral values.

Programme Educational Objectives:

- a) To produce holistic engineers who are highly competent in both engineering theory and practice
- b) To contribute in the supply of human resource to meet current engineering demands
- c) To contribute to the development of strategic engineering disciplines, in line with the requirements outlined in Malaysia's Industrial Master Plan

List of Academic Programmes

Refer to page 46

Characteristics of UniMAP's Graduates

Engineers who are graduated from UniMAP should be oriented based on the following characteristics:-

- a) Ability to apply knowledge of basic Sciences & Engineering.
- b) In-depth technical competency in a specific engineering discipline.
- c) Ability to communicate and use ICT effectively.
- d) Ability to use techniques, skills, and modern engineering tools necessary for engineering practice so as to be easily adaptable to industrial needs.
- e) Ability to identify problems, creates solutions, innovates and improves current design and practices.
- f) Ability to adjust themselves with the industrial needs.
- g) Understanding of professional and ethical responsibilities and commitment to the community.
- h) Recognition to the need for, and ability to engage in, life-long learning. In other words, the graduates can adapt to new situation and demands by applying and/or updating knowledge and skills.
- i) Ability to functions effectively in teams in ways that contribute to effective working relationships and the achievement of goals both as a leader as well as an effective team player.
- j) Ability to have an international perspective on social, cultural, and global responsibilities.
- k) In-dept understanding of entrepreneurship, the process of innovation, and the need for sustainable development.
- l) Ability to appreciate esthetic values through development and applications of personal judgments.

HAL EHWAL AKADEMIK

Pusat Pementapan Akademik

Pusat Kemahiran Komunikasi & Keusahawanan

Pusat Kemahiran Komunikasi & Keusahawanan (PKKK) ialah pusat perkhidmatan akademik. Pusat ini tidak menawarkan apa-apa program akademik yang membawa kepada penganugerahan ijazah. Sebaliknya, pusat ini menawarkan kursus-kursus keperluan universiti yang wajib diambil oleh semua mahasiswa termasuk ko-kurikulum tanpa mengira program akademik yang diambil. Selain itu, PKKK turut menawarkan kursus teras seperti Matematik Kejuruteraan I, II & III serta Kemahiran Komunikasi & Teknologi Maklumat. Selain itu, PKKK turut mengadakan program bersama industri iaitu Program Keusahawanan Industri (IndEnt).

Pusat Kejuruteraan

Pusat Kejuruteraan ditubuhkan untuk mengendali makmal dan bengkel umum (guna sama) yang diperlukam oleh pelbagai program yang ditawarkan di UniMAP.

Oleh sebab program-program kejuruteraan yang dijalankan pada dasarnya menitikberatkan kaedah lab-intensive, maka penekanan yang lebih banyak diberikan kepada amalan pratikal. Di samping itu, Pusat Kejuruteraan menyokong aktiviti-aktiviti Penyelidikan dan Pembangunan (R&D) di UniMAP. Antara makmal yang terdapat di sini termasuklah Makmal PCB, Makmal Asas Kejuruteraan Elektrik dan Elektronik, Pusat CAD/CAM,

Bengkel Kejuruteraan Elektrik, Bengkel Kejuruteraan Mekanikal, Makmal Kejuruteraan Pembuatan, Pusat Pengajaran Fabrikasi IC dan Makmal ICT. Pusat Kejuruteraan juga menawarkan kursus Kemahiran Kejuruteraan I dan II yang wajib diambil oleh semua mahasiswa.

Pusat Kerjasama Industri

Pusat Kerjasama Industri berperanan menjalinkan hubungan antara UniMAP dengan pihak industri dalam pelbagai aspek, terutamanya dalam program-program yang berkaitan dengan pembelajaran mahasiswa. Beberapa program yang berkaitan seperti program pendedahan kepada industri, latihan perindustrian untuk staf dan beberapa program lagi diselia dan diselaraskan oleh Pusat ini. Jadual untuk program-program ini sentiasa dihebahkan kepada mahasiswa dan staf dari semasa ke semasa.

Institut Matematik Kejuruteraan

IMK ialah pusat yang bertanggungjawab merancang penawaran dan pemantauan kurikulum matematik kejuruteraan di UniMAP. IMK berperanan juga sebagai institut penyelidikan matematik kejuruteraan dan pusat rujukan yang memberikan khidmat kepakaran dalam bidang kaedah penyelidikan matematik, simulasi, kaedah statistik dan penyelidikan operasi. IMK merupakan pusat latihan bagi masyarakat kampus dan luar kampus dalam bidang yang berkaitan.

Lawatan UniMAP Ke Luar Negara 2007

5 - 10 Januari 2007

Lawatan UniMAP ke Prince of Songkhla University (PSU), Thailand sempena '9th IMT-GT Varsity Carnival Prince of Songkhla University.

14 - 16 Februari 2007

Prof. Madya. Dr. Kenneth Sundaraj telah menghadiri Menghadiri persidangan 'The Fifth IASTED International Conference on Biomedical Engineering dan membentangkan kertas kerja yang bertajuk 'Stress and Strain Analysis of ACL Graft during AKR Procedure' anjuran The International Association of Science and Technology for Development (IASTED) di Innsbruck, Austria

17 - 20 Februari 2007

Staf UniMAP menghadiri 'Seminar Pembaharuan Pemikiran Islam' di Hotel Aryaduta, Jakarta, Indonesia. Staf yang terlibat ialah Pn. Norismiza Ismail, En. Mohd Irwan Ibrahim, En. Mohd Yusri Yahya, En. Muhammad Fathehi Mohd Fuad dan En. Rosiswardi Rusli.

23 - 29 Mac 2007

Prof. Dr. Ali Yeon Md Shakaff menghadiri persidangan 'Panel Pemilihan dan Pengambilan Calon Luar Negara Berpusat bagi Tawaran Biasiswa SLAB dan SLAI anjuran Kementerian Pengajian Tinggi' di London.

27 - 30 Mac 2007

En. Arzemi bin Abdullah Al-Hadi menghadiri persidangan 'Asia Modeling Symposium 2007' dan membentangkan kertas kerja yang bertajuk 'Simplified Modeling, Simulation and Performance Analysis using Circuit Model for a Corporate Feed Microstrip Patch Array' anjuran IEEE Computer Society (CoMSoc) dan UK Simulation Society dengan kerjasama IEEE UK & RI Computer Chapter, EUROSIM, European Council for Modelling & Simulation, Society for Computer Simulation Int. (SCS) – Europe di Phuket, Thailand.

28 - 30 Mac 2007

Prof. Madya Dr. Uda Hashim telah menghadiri persidangan 'Annual National Symposium on Computational Science & Engineering dan membentangkan kertas kerja yang bertajuk 'A Simulation Based Study On Shallow Junctions Formation anjuran ANSCSE 11, Department of Computer Engineering, Faculty of Engineering, Prince of Songkla University, Phuket, Thailand di Phuket, Thailand.

30 - 31 Mac 2007

Lawatan rasmi UniMAP ke University College Cork, Ireland. Lawatan ini dihadiri oleh Prof. Dr. Ali Yeon Md Shakaff.

2 - 4 April 2007

En. Omar Aliman menghadiri Persidangan "IASTED International Conference on Power and Energy System (AsiaPES 2007)" di Phuket, Thailand.

12 - 14 April 2007

Prof. Madya Dr. Ismail Daut menghadiri Persidangan 'International Conference on Power Engineering, Energy and Electrical Drives' dan membentangkan kertas kerja yang bertajuk 'Simplification of Sun Tracking Mode to Gain High Concentration Solar Energy' anjuran LabSEI di Setubal, Portugal.

6 - 11 Mei 2007

En. Mohamad Shaiful Ashrul Ishak h menghadiri persidangan '6th Asia Pacific Conference on Sustainable and Environmental Technologies' dan membentangkan kertas kerja yang bertajuk 'The Influence of Orifice insertion for Low Noxious Emissions from Combustion System' di Bangkok, Thailand.

10 - 11 Mei 2007

En. Mohd Hafiz Fazalul Rahiman dan En. Abu Hassan Abdullah menghadiri Persidangan 'PSU-UNS International Conference on Engineering and Environment (ICEE 2007) dan membentangkan kertas kerja yang bertajuk 'Liquid and Gas Flow Regime Identification by Ultrasonic Computerized Tomography' anjuran Faculty of Engineering, Prince of Songkla University, Thailand and Faculty of Technical Sciences, University of Nivi Sad, Serbia di Phuket Graceland Resort & Spa, Thailand.

20 - 24 Mei 2007

Prof. Madya Dr. Uda Hashim menghadiri Persidangan yang bertajuk 'Nanotechnology Conference and Trade Show (NANOTECH 2007) dan membentangkan kertas kerja yang bertajuk 'Designing of Masks for Quantum Dot Single Electron Transistor Fabrication Using E-Beam Nanolithography di California, USA

20 - 25 Mei 2007

Prof. Dr. Ismail Daut menghadiri persidangan 'PCIM Europe 2007' dan membentangkan kertas kerja yang bertajuk 'Investigation of Transformer Failure Factors and Mitigation Technique' di Nuremberg, Germany.

30 Mei - 1 Jun 2007

Lawatan kerja DYMM Tuanku Syed Faizuddin Putra Ibni Tuanku Syed Sirajuddin Jamalullail, Kol. Prof. Dato' Dr. Kamarudin Hussin dan Prof. Zaliman Sauli ke Istanbul, Turkey, Ljubljana, Slovenia dan Prague, Czech Republic bagi mengadakan lawatan kerja ke Istanbul Technical University, Yildiz Technical University, Ljubljana Technical University dan Czech Technical University.

Program Pertukaran Mahasiswa 2007

Disember 2006 – Mei 2007

Program Pertukaran Mahasiswa UniMAP - Tampere University of Technology (TUT) Finland.

Mahasiswa yang terlibat ialah:

- 1) Lassi Sakari Nurmi - Ijazah Sarjana Muda (Kejuruteraan Komputer & Perhubungan)
- 2) Simo Pekka Elias Tuure - Ijazah Sarjana Muda (Kejuruteraan Komputer & Perhubungan)

Januari – Mac 2007

Program Pertukaran Mahasiswa UniMAP – Trisakti University, Indonesia.

Mahasiswa yang terlibat ialah:

- 1) Handoko Projokusumo Karyadi - Ijazah Sarjana Muda (Kejuruteraan Sistem Elektrik)
- 2) Nyssa Asteria Winata - Ijazah Sarjana Muda (Kejuruteraan Sistem Elektrik)
- 3) Jimmy Januar Musalim - Ijazah Sarjana Muda (Kejuruteraan Sistem Elektrik)
- 4) Sandy Saputra Tjhin - Ijazah Sarjana Muda (Kejuruteraan Sistem Elektrik)

Oktober 2007 – Mac 2008

3 orang mahasiswa dari Cologne University of Applied Science (CUAS), Germany yang sedang menjalani latihan industri di Infineon Technology di bawah penyeliaan beberapa orang pensyarah dari Pusat Pengajian Kejuruteraan Mikroelektronik UniMAP. Mahasiswa yang terlibat:

- 1) Jan Geilhufe
- 2) Gernot Blobel
- 3) Thomas Schwarze

November 2007 – Mac 2008

Mahasiswa dari Hatyai University, Thailand menjalani latihan praktikal di Pusat Teknologi Maklumat (ICT) UniMAP.

Mahasiswa yang terlibat :

Seminar & Persidangan

Laporan ringkas Seminar/Persidangan yang dianjurkan oleh Pusat-Pusat Pengajian di Peringkat Nasional dan Antarabangsa.

Tarikh : 15 - 17 Februari 2007

Kursus Jangka Pendek Bahan Binaan: Penghasilan Konkrit Bermutu

Tempat: Taman Kechor, UniMAP

Anjuran: Pusat Pengajian Kejuruteraan Bahan, Pusat Pengajian Kejuruteraan Alam Sekitar dan Persatuan Konkrit Malaysia

Objektif:

- » Menyebarkan pengetahuan asas yang berkaitan dengan penghasilan konkrit bermutu dan reka bentuk campuran konkrit.
- » Menyediakan platform bagi ahli akademik, penyelidik dan kontraktor untuk berkongsi idea dan menyelesaikan masalah yang dihadapi dalam industri konkrit.

Tarikh : 23 - 24 Mei 2007

Workshop on Characterization of Nanomaterials

Tempat: Hotel Putra Brasmana, Kuala Perlis.

Anjuran: Pusat Pengajian Kejuruteraan Bahan dan Pusat Pengajian Kejuruteraan Alam Sekitar

Objektif:

- » Menjadi platform untuk mengumpulkan pakar-pakar dalam pelbagai bidang khusus yang berkaitan dengan pencirian bahan dan memfokuskan usaha untuk mengembangkan kepakaran mereka tentang pencirian bahan nano.

Tarikh : 24 - 25 Mei 2007

2nd Colloquium in Engineering Technology (CET 2007)

Tempat: Bilik Seminar 1, Taman Kechor, UniMAP

Anjuran : Pusat Pengajian Kejuruteraan Mekanik dan Hospital Tuanku Fauziah (HTF)

Objektif:

- » Kolokium ini menyediakan medan bagi pakar-pakar UniMAP dan HTF membentangkan hasil penyelidikan dan berbincang tentang penciptaan metodologi-metodologi baru untuk manfaat bersama.
- » Memanfaatkan jaringan antara UniMAP dan hospital, khususnya HTF untuk mempromosikan aktiviti penyelidikan dan mamahami hasil penyelidikan kejuruteraan untuk perubatan supaya dapat membantu memudahkan tugas doktor perubatan.

Tarikh : 9 - 11 Jun 2007

1st International Conference on Sustainable Materials Engineering (ICoSM2007)

Tempat: Hotel Park Royal, Pulau Pinang.

Anjuran : Pusat Pengajian Kejuruteraan Bahan, Pusat Pengajian Kejuruteraan Alam Sekitar dan Pusat Pengajian Kejuruteraan Bioproses

Objektif:

- » Membuka peluang untuk para saintis, jurutera dan teknologis bahan mapan bertukar-tukar pandangan dan idea.
- » Menciptakan jaringan kerjasama dalam kalangan ahli akademik, saintis, penyelidik dan jurutera dalam bidang yang berkaitan dengan kejuruteraan dan sains bahan mapan.
- » Berkongsi dan membincangkan penemuan penyelidikan, informasi, pengetahuan dan aktiviti yang berkaitan dengan kejuruteraan, sains dan teknologi bahan mapan.
- » Membincangkan sumbangan pembangunan bahan mapan kepada ekonomi Negara.

Tarikh : 25 - 26 Oktober 2007

Conference on Applications and Design in Mechanical Engineering (CADME07)

Tempat: Hotel Putra Brasmana, Kuala Perlis.

Anjuran : Pusat Pengajian Kejuruteraan Mekanik

Objektif:

- » Menyediakan medan untuk penyelidik, sarjana, pengamal perubatan dan industry di seluruh Negara berkongsi ilmu dalam bidang yang berkaitan dengan raka bentuk dan aplikasi kejuruteraan mekanikal.
- » Meningkatkan kesedaran para penyelidik dan sarjana tentang kepentingan meneruskan penyelidikan untuk menyelesaikan masalah-masalah dalam bidang kejuruteraan mekanikal.

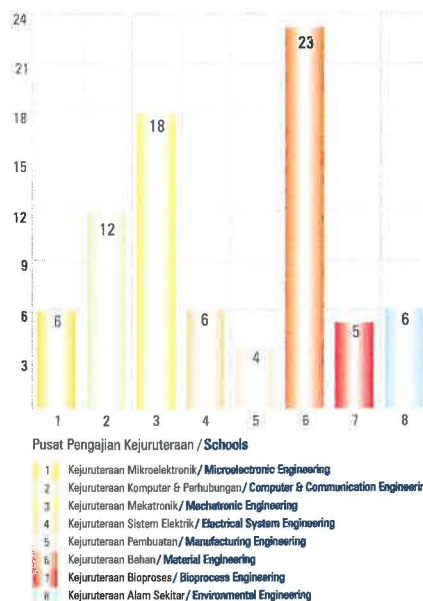

HAL EHWAL AKADEMIK - Pengajian Ijazah Tinggi

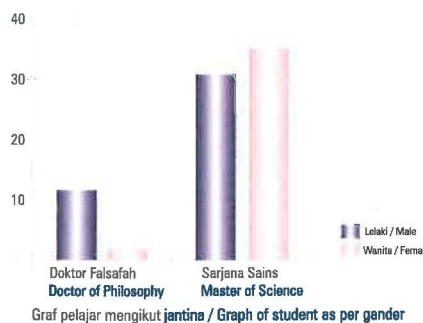

1. Jumlah Pelajar mengikut Pusat Pengajian / Number of Students As Per Schools

Pusat Pengajian Schools	Doktor Falsafah Doctor of Philosophy	
	Sarjana Sains Master of Science	
Pusat Pengajian Kejuruteraan Mikroelektronik School of Microelectronic Engineering	5	1
Pusat Pengajian Kejuruteraan Komputer & Perhubungan School of Computer & Communication Engineering	9	3
Pusat Pengajian Kejuruteraan Mekanik School of Mechatronic Engineering	16	2
Pusat Pengajian Kejuruteraan Sistem Elektrik School of Electrical System Engineering	4	2
Pusat Pengajian Kejuruteraan Pembuatan School of Manufacturing Engineering	4	0
Pusat Pengajian Kejuruteraan Bahan School of Material Engineering	21	2
Pusat Pengajian Kejuruteraan Bioproses School of Bioprocess Engineering	2	3
Pusat Pengajian Kejuruteraan Alam Sekitar School of Environmental Engineering	5	1
Jumlah / Total	66	14

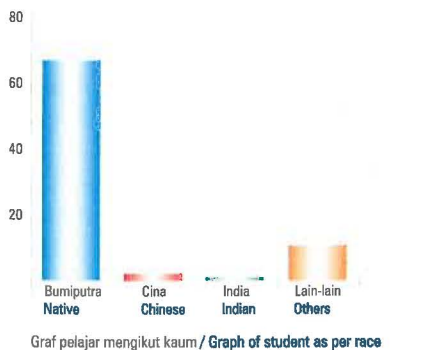

2. Jumlah Pelajar Mengikut Jantina / Number of Students As Per Study Programme & Gender

Jantina / Gender	Program / Programme	
	Sarjana Sains Master of Science	Doktor Falsafah Doctor of Philosophy
Lelaki / Male	31	12
Wanita / Female	35	2
Jumlah / Total	66	14

3. Jumlah Pelajar Mengikut Kaum / Number of Students As Per Study Programme & Race

Kaum / Race	Program / Programme	
	Sarjana Sains Master of Science	Doktor Falsafah Doctor of Philosophy
Bumiputra / Native	56	9
Cina / Chinese	3	1
India / Indian	0	1
Lain-lain / Others	7	3
Jumlah / Total	66	14

4. Jumlah Pelajar Mengikut Negara / Number of Students As Per Study Programme & Country

Negara / Country	Program / Programme	
	Sarjana Sains Master of Science	Doktor Falsafah Doctor of Philosophy
Indonesia	3	0
Bangladesh	2	1
India	0	1
Iraq	0	1
Libya	0	1
Thailand	1	0
Jumlah / Total	6	4
