

LLM Partners USM for Highway Research

THE Malaysian Highway Authority (LLM) has signed a memorandum of understanding (MoU) with Universiti Sains Malaysia (USM) to conduct research in the transportation sector through the sharing of resources. USM representative, vice-chancellor Prof. Datuk Dr Omar Osman, said the university had established a reputation in the field of automotive and highway engineering, and that the collaboration included the planning, design, construction as well as the operation and maintenance of the highways. LLM was represented by its Director-General, Dato' Ir. Hj. Ismail bin Md. Salleh who expressed hope that this MoU would bring about mutual cooperation between the Government agencies and institutions of higher learning in areas such as planning, construction and management of highways.
