## INTRODUCTION:

This International Postgraduate Conference on Engineering (IPCE 2010) is organized by Center for Graduate Studies (CGS), University Malaysia Perlis (UniMAP). The theme of the conference is "Innovative Postgraduate Students Towards A New Engineering Ideology". This is the second (IPCE 2010) conference fully organized by postgraduate students of UniMAP to provide a platform for sharing their innovative ideas and researches among them. IPCE 2010 explores the theory, analysis, design efficiency and application underlying various fields of engineering.

## THE KEY FOCUS AREA:

- Microelectronics Engineering
- Computer Engineering
- Communication Engineering
- Mechatronic Engineering
- Manufacturing Engineering
- Electrical System Engineering
- Material Engineering
- Mechanical Engineering
- Product Design Engineering
- Environmental Engineering
- Bioprocess Engineering
- Biomedical Electronic Engineering

## PAPERS SUBMISSION:

All postgraduate students (full time & part time) are invited to submit a full manuscript in English, limited to a minimum of 4 pages and maximum of 6 pages in IEEE conference format, including figures, tables, and references. All IPCE 2010 papers will be handled and peer reviewed electronically by the experts on their specialized areas. Notification of paper submission and review report will be informed by email.
