

International Conference On Sustainable Material 2007 (IcoSM2007)

Parkroyal Hotel, Pulau Pinang
[09 - 11 June 2007]

This School of Material Engineering, UniMAP recently hosted the 1st International Conference On Sustainable Materials 2007 (IcoSM2007). This 3 day conference, from 9th to 11th June 2007 took place at the Parkroyal Hotel, Pulau Pinang and was officiated by Yang Berbahagia Kol. Prof. Dato' Dr. Kamarudin Hussin, Vice Chancellor UniMAP.

The conference objectives were to provide a platform to foster sharing and exchange of ideas between researchers, as well as to create partnerships between academia, scientists, researchers and engineers. A total of 90 proceeding papers were presented in this conference, which has successfully attracted a lot of attention from foreign nations such as Iran, USA, India, New Zealand, United Kingdom and Pakistan. Local researchers who were present represented UKM, USM, UTM, UMS, UteM, UTHM, UMP, UTP and Swinburne University of Technology (Malaysia), as well as some private establishments such as Perkin Elmer and TNB Research.
