

# UniMAP Hosts MUCET 2008

**Universiti Malaysia Perlis (UniMAP)** was chosen to host this year's Malaysian Technical Universities Conference in Engineering and Technology (MUCET) which was held from 15-16 March 2008 at Putra Palace Hotel, Kangar. This second conference involved academic staff from the four technical universities in Malaysia - Universiti Tun Hussein Onn(UTHM), Universiti Teknikal Melaka Malaysia (UTeM), Universiti Malaysia Pahang (UMP) and Universiti Malaysia Perlis (UniMAP).

Among others, the conference served as a platform upon which academic staff from these four universities presented findings from their research work, especially in the field of engineering and technology, and to strengthen the ties that exist between them. A total of 234 research papers were presented at the conference based on the theme 'Towards Establishing Cooperation between the University and Industry.' Apart from that, two keynote speeches were also delivered by speakers from Ireland's premier research centre, Athlone Institute of Technology, and Proton Holding (M) Bhd. Research and Development Division.
