

Malaysia Agriculture, Horticulture and Agrotourism Show 2006 (MAHA 2006)

The largest industry gathering in the South East Asia Region, Malaysia Agriculture, Horticulture and Agrotourism Show 2006 (MAHA 2006) was recently held at MARDI, Serdang from 21st to 27th November 2006. This event was hosted by the Ministry of Agriculture and Agro-Based Industry and organized by Federal Agricultural Marketing Authority (FAMA). It is regarded as a platform for the industry to be updated with the latest innovations and solutions as well as to do business, which is in line with the Government's efforts to redevelop and reposition the agricultural industry as one of the main engines of growth.

KUKUM did not miss this opportunity to showcase her research output in the related fields. Four researchers represented KUKUM, namely Prof. Madya Dr. Zulkali Daud, Khairul Farihan Kasim, Saiful Azhar Saad and Dr. Soon -An Ong. They each exhibited their research findings which were titled "FOSJuice: Fos-Fortified Fruit Juice", "Zalafeed: High Fiber And Protein Husbandry Ingredient", "Subasorb Adsorbents For Treatment Of Dyes Polluted Waste Water" and "Bioremediation Of Azo Dye By Microbes Immobilized On Spent Granular Activated Carbon Under Batch Operation", respectively. KUKUM's participation was made possible with the generous support of the Perlis State Government, as well as being the proud research based participation under the Perlis banner.
