MFRS 107 *Statement of Cash Flows* is issued by the MASB in respect of its application in Malaysia.

Supplier Finance Arrangements **(Amendments to MFRS 107 Statement of Cash Flows and MFRS 7 Financial Instruments: Disclosures)**

Amendments to MFRS 107 Statement of Cash Flows

This Addendum sets out the amendments to MFRS 107 Statement of Cash Flows. An entity shall apply those amendments for annual reporting periods beginning on or after 1 January 2024. Earlier application is permitted.

Paragraphs 44F–44H and their related heading and paragraphs 62–63 are added. For ease of reading, these paragraphs and their headings have not been underlined. The heading before paragraph 53 is amended. New text in that heading is underlined.

Supplier finance arrangements

- 44F** An entity shall disclose information about its supplier finance arrangements (as described in paragraph 44G) that enables users of financial statements to assess the effects of those arrangements on the entity's liabilities and cash flows and on the entity's exposure to liquidity risk.
- 44G Supplier finance arrangements are characterised by one or more finance providers offering to pay amounts an entity owes its suppliers and the entity agreeing to pay according to the terms and conditions of the arrangements at the same date as, or a date later than, suppliers are paid. These arrangements provide the entity with extended payment terms, or the entity's suppliers with early payment terms, compared to the related invoice payment due date. Supplier finance arrangements are often referred to as supply chain finance, payables finance or reverse factoring arrangements. Arrangements that are solely credit enhancements for the entity (for example, financial guarantees including letters of credit used as guarantees) or instruments used by the entity to settle directly with a supplier the amounts owed (for example, credit cards) are not supplier finance arrangements.

44H To meet the objectives in paragraph 44F, an entity shall disclose in aggregate for its supplier finance arrangements:

- (a) the terms and conditions of the arrangements (for example, extended payment terms and security or guarantees provided). However, an entity shall disclose separately the terms and conditions of arrangements that have dissimilar terms and conditions.
- (b) as at the beginning and end of the reporting period:
 - (i) the carrying amounts, and associated line items presented in the entity's statement of financial position, of the financial liabilities that are part of a supplier finance arrangement.
 - (ii) the carrying amounts, and associated line items, of the financial liabilities disclosed under (i) for which suppliers have already received payment from the finance providers.
 - (iii) the range of payment due dates (for example, 30–40 days after the invoice date) for both the financial liabilities disclosed under (i) and comparable trade payables that are not part of a supplier finance arrangement. Comparable trade payables are, for example, trade payables of the entity within the same line of business or jurisdiction as the financial liabilities disclosed under (i). If ranges of payment due dates are wide, an entity shall disclose explanatory information about those ranges or disclose additional ranges (for example, stratified ranges).
- (c) the type and effect of non-cash changes in the carrying amounts of the financial liabilities disclosed under (b)(i). Examples of non-cash changes include the effect of business combinations, exchange differences or other transactions that do not require the use of cash or cash equivalents (see paragraph 43).

- 62 *Supplier Finance Arrangements* (*Supplier Finance Arrangements* issued by IASB in May 2023) added paragraphs 44F–44H. An entity shall apply those amendments for annual reporting periods beginning on or after 1 January 2024. Earlier application is permitted. If an entity applies those amendments for an earlier period, it shall disclose that fact.
- 63 In applying *Supplier Finance Arrangements*, an entity is not required to disclose:
- (a) comparative information for any reporting periods presented before the beginning of the annual reporting period in which the entity first applies those amendments.
 - (b) the information otherwise required by paragraph 44H(b)(ii)–(iii) as at the beginning of the annual reporting period in which the entity first applies those amendments.
 - (c) the information otherwise required by paragraphs 44F–44H for any interim period presented within the annual reporting period in which the entity first applies those amendments.
