ERCIAL POTENTIAL

ce of the new products in the

INTRODUCTION

Our invention is called Stress unused chair. We also use
This device was used to pro
The function of our invention
the stress in our user. For the
der our feet to give a relax ar
to our legs.

PRODUCT DESCRIPTION

The objectives of our product
lax and comfortable conditior
usage is for the workers or a
with what they are doing. Thi
dangerous to their mental
pressure will give bad result
our product is to overcome t
best results can be obtained
workers are in a good conditio

[REDACTED]

Cooler. It is made from
d the electrical device.
duce heat and vibration.
 is actually to overcome
 vibration, it is used un-
nd comfortable condition

[REDACTED]

t is actually to give a re-
n to our users. Then the
nybody who got tension
s internal feeling is very
health. Working under
s. So the importance of
his problem so that the
d and to make sure all
on.
