

KUKUM Engineering Research Seminar 2006

This Seminar was held on the 15 June 2006, which was the first of its kind. There were 26 participants consisting of 10 lecturers and 16 post graduate students who presented their research output.

This seminar saw some stimulating discussions between presenters and audients, which is good for check and balance purposes.

There were 2 invited speakers, Prof. Mohd. Yusof Othman from Universiti Kebangsaan Malaysia and Prof. Dr. Nasrudin from UM, who gave the opening speech in the morning and afternoon sessions.
